

Bristol Construction Update

The Bristol Dock restoration project has been delayed due to an error in a materials order. The correct materials should be in this week to continue the job. The new completion date is believed to be the end January for the pier rebuild and April for paving. Please continue to follow the posted signs and crew instruction for lining up and loading the ferry as it will continue to be only one lane for now.

The lease between A&R Marine and the Town of Bristol for the ferry terminal has been renewed for another 5 years with the option to extend for an additional 20 years. We look forward to continuing to work with the Town of Bristol and to have Bristol as the home port for our vessels.

Reminders for the winter season...

Please no overnight parking in the center of the Prudence Island lot to allow for snow removal.

- Holiday packages have begun arriving in the ticket office. Please try to pick up packages promptly as space is limited. Oversize packages may be left outside if inside space is not available.
- If you have not already, consider signing up for our Text Message Alert System. We will notify you of ferry cancellations, added ferry runs, when weather may impact travel and if you have received an oversize package. [Click Here](#) to sign up.
- Snow and ice may accumulate on ramps and walkways. The crew will try to stay on top of shoveling, salting and sanding but please walk slowly and carefully on these areas.

The Prudence Ferry will be returning to service by the end of December or early January following its annual Coast Guard inspection this month. Please make vehicle reservations in advance as there is less space for vehicles on this vessel.

MERRY
Christmas!

May your days be filled with peace, hope,
and joy this holiday season.

As always, thank you for your business,
loyalty, and support.
